THE12.0

AIMS

THEI2.0 - Towards HEInnovate 2.0: From assessment to action. This project aims to support users by providing useful guidelines for the Higher Education Institution and help the HEI's representatives reflect on the entrepreneurial agenda of their organisation. Additionally the THEI2.0 project intends to build a Digital Badge system to identify and reward the user effort in supporting its HEI to become (even) more innovative and entrepreneurial

ACTIVITIES

To accomplish THEI2.0 goals, the following activities were and are being developed:

- HEInnovate user cases and their comparison.
- THEI2.0 tool that identifies a profile from the HEInnovate score and provides a corresponding set of cards with actions to support the entrepreneurial and innovative journey of the HEI.
- THEI2.0 workshop which supports users in implementing and understanding the potential of the THEI2.0 through reflection and identifying key actions to creating a more innovative and entrepreneurial HEI.
- Development of a Digital Badge system aiming to recognise and reward the effort and work of the user/HEI in creating a more innovative and entrepreneurial HEI.

RESULTS

The outcomes of the THEI2.0 project:

- THEI2.0 tool
- THEI2.0 workshop "From assessment to action"
- THEI2.0 Digital Badge system concept

The impact of the THEI2.0 project:

 Help to reflect and identify actions to create a strategy to become a more innovative and entrepreneurial HEI so ultimately the users and HEI's will be more innovative and entrepreneurial.

KEY TAKEAWAYS

- The HEInnovate User
 Case experiences of the
 different institutions of
 the consortium revealed
 the diversity of objectives,
 applications, approaches
 and target-groups that
 HEInnovate offers as a
 comprehensive tool
 addressing eight
 dimensions
- The THEI2.0 tool
 translates the results of
 HEInnovate into a HEI
 profile offering a set of
 cards with potential
 actions possible to
 implement to develop a
 more innovative and
 entrepreneurial HEI
- Participants of the THEI2.0 workshops conducted emphasised the usefulness of the THEI2.0 tool to reflect on the HEI's entrepreneurial agenda
